Following the hearing, all written and oral comments submitted by interested parties will be considered by the Behavioral Sciences Regulatory Board as the basis for making changes to the proposed regulations. Copies of the regulations and the complete fiscal impact statements may be obtained by writing to the board office.

The following is a brief summary of the board's pro-

posed regulations.

Social Work Regulation

K.A.R. 102-2-3. Fees. This regulation is amended to reflect the statutory authority granted the board during the 1989 legislative session to access a fee for temporary licensure.

Economic Impact—Each applicant requesting a temporary license is required to pay a \$15 fee.

Professional Counselors

K.A.R. 102-3-1 and K.A.R. 102-3-3 through 102-3-13 are new temporary and permanent regulations establishing requirements for registration and renewal of registration for professional counselors and defining unprofessional conduct.

Economic Impact: Any applicant who does not qualify for registration shall be prevented from using the title "professional counselor," "registered professional counselor," or "registered counselor." The economic impact of this restriction is unknown. Any registered person who is found guilty of a violation of profession conduct may have his or her registration revoked or suspended. The registrant may incur financial loss, the extent to which is unknown.

ATTORNEY GENERAL

Opinion No. 89-67

Counties and County Officers—County Treasurer—Publication of Delinquent Personal Property Tax Statements; Designation of Newspaper. Wayman Favors, Wyandotte County Counselor, Kansas City, June 6, 1989.

1989 House Bill No. 2077 does not alter the exclusive authority to control publication expenditures given to the board of county commissioners pursuant to K.S.A. 19-229. Thus, although the 1989 amendment allows newspapers other than the official county newspaper to publish delinquent tax lists, it is our opinion that 1989 House Bill No. 2077 has not given the county treasurer sole authority over which newspaper shall publish these lists. Cited herein: K.S.A. 19-212; 19-229; 19-547; K.S.A. 1988 Supp. 64-101; 1989 House Bill No. 2077. TMN

Opinion No. 89-68

Cities and Municipalities—Ordinances of Cities; Initiative and Referendum Ordinances—Petition for Proposed Ordinance; Requirements.

Constitution of the State of Kansas—Finance and Taxation—System of Taxation; Classification; Exemption. Charles E. Wetzler, Prairie Village City Attorney, Prairie Village, June 6, 1989.

A proposed ordinance submitted under the provisions of K.S.A. 12-3013 provides for the imposition of a "special park development fee upon all real estate upon which there is proposed to be constructed any structure for multi-family or single family residential purposes equal to 10% of the fair market value of the real estate proposed to be so utilized." In our opinion, the proposed ordinance would violate Article 11, Section 1 of the Kansas Constitution, and, therefore, need not be voted on by the council or submitted to a referendum under the authority of K.S.A. 12-3013. Cited herein: K.S.A. 12-3013; Kan. Const., Art. 11, § 1. TRH

Opinion No. 89-69

State Departments; Public Officers and Employees—State Library and Library Services—Regional System of Cooperating Libraries; Levy Authority. Duane F. Johnson, State Librarian, Topeka, June 6, 1989.

A regional system of cooperating libraries may levy in a county within its boundaries due to the participation of a school district library located in the county. Territory of the county may be excluded from the system, and thus the tax, pursuant to K.S.A. 75-2550. Cited herein: K.S.A. 75-2548; 75-2549b; 75-2550; 75-2551. ILM

Opinion No. 89-70

Public Health—Regulation of Dentists and Dental Hygienists—Act Inapplicable to Certain Practices, Acts and Operations; Exceptions. H. Philip Elwood, Counsel, Kansas Dental Board, Topeka, June 6, 1989.

The dental board may identify specific dental services as being included in the statutory prohibition against dentists delegating certain dental tasks. As the board did not formulate policy or exercise quasi-legislative authority conferred by statute, but merely explained an existing statute, identification of the services does not constitute rule-making subject to the procedures set forth in Article 4 of Chapter 77. Cited herein: K.S.A. 65-1421; 65-1422; 65-1423; 1988 Supp. 65-1436; K.S.A. 65-1456; 77-415. MWS

DEPARTMENT OF HEALTH AND ENVIRONMENT

NOTICE OF HEARING ON PROPOSED ADMINISTRATIVE REGULATIONS

The Kansas Department of Health and Environment will conduct a public hearing at 10 a.m. Monday, July 17, in the auditorium of the Topeka-Shawnee County Health Department, 1615 W. 8th, Topeka, to consider the adoption of amended permanent regulations K.A.R. 28-19-7, 28-19-8, 28-19-14, 28-19-16a, 28-19-17a, 28-19-17b, 28-19-17c, 28-19-17g, 28-19-17i, 28-19-20, 28-19-21, and 28-19-56.

Following are the amendments that are being proposed in response to the Environmental Protection Agency's final rule promulgated July 1, 1987, which changed the national ambient air quality standards to particulate matter.

K.A.R. 28-19-7

This regulation is amended by adding new definitions of "PM₁₀" and "Total Suspended Particulate," and by modifying the definition of "Particulate Matter."

K.A.R. 28-19-8, 28-19-14, 28-19-16a, 28-19-20, 28-19-21

The amendments in these regulations are: (i) to change the effective date of the federal regulations, which are adopted by reference; (ii) to include significant emission rate for PM₁₀; (iii) to change terminology to provide consistency with the definition in regulation 28-19-7; and (iv) to delete the definition of "Significantly contribute," since this requirement has been adopted by reference in the Prevention of Significant Deterioration (PSD) rule (K.A.R. 28-19-17).

K.A.R. 28-19-17a

The amendments in this regulation are: (i) to add the effective date of the federal regulation, which is adopted by reference; and (ii) to clarify the meaning of the term "particulate matter."

K.A.R. 28-19-17b

This regulation is amended by adding the requirements of federal regulation 40 CFR 51.165(b) (1 through 4) that apply to new major sources or major modifications in areas that are designated attainment or unclassified and will impact on areas where air quality standards are being met.

K.A.R. 28-19-17(c), 28-19-17g, 28-19-17i

These regulations are amended to include the effective date of federal regulations, which are adopted by reference.

K.A.R. 28-19-56

This regulation is amended by deleting reference to the measurement of air pollution levels in terms of soiling index, since this index is no longer used. Air pollution alert, warning, and emergency levels for suspended particulate are replaced by PM₁₀ levels.

There will be no added economic impact upon the Department of Health and Environment or other government agencies because the required sampling equipment has already been replaced and comparable

evaluations will be done for PM₁₀ as with TSP. There will be no added economic impact upon the sources emitting particulate matter since they are not required to revise their existing control measures due to these actions. These amendments will not result in an economic impact upon the general public.

Copies of the proposed amended rules and regulations and a complete economic impact statement pertaining to them may be obtained by contacting John Irwin, Kansas Department of Health and Environment, Forbes Field,

Topeka 66620-0001, (913) 296-1542.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed amended rules and regulations. All interested parties may submit such comments prior to the hearing by mailing them to the address above. All interested parties also will be given a reasonable opportunity at the hearing to present their views orally or in writing concerning the adoption of the proposed amended rules and regulations.

Following the hearing, all written and oral comments submitted by interested parties will be considered as the

basis for making changes in these proposals.

Article 4.—PUBLIC ASSISTANCE PROGRAM

1. 30-4-50. Assistance eligibility, general. This regulation is being amended to add K.A.R. 30-4-64, Work Program Requirements, as a general eligibility requirement.

Economic Impact: See the economic impact statement for K.A.R. 30-4-64.

2. 30-4-54. Citizenship, alienage and residence. This regulation is being amended to provide that no individual shall be considered a resident for GA purposes if such individual owns an automobile or other motor vehicle that is not registered in this state but is required by law to be registered in this state.

Economic Impact: Estimated cost savings of \$27,755.28

(state general funds).

3. 30-4-57. Job search requirements. This regulation is being revoked as the job search requirements are being incorporated as a component in the State's Work Program requirements as set out in K.A.R. 30-4-64.

Economic Impact: See the economic impact statement for K.A.R. 30-4-64.

4. 30-4-58. Potential employment. This regulation is being amended to:

(1) Change the title of the regulation to "voluntary

quit";

(2) eliminate the potential employment provisions in the AFDC program as the new federal JOBS program establishes separate requirements and penalties for AFDC persons who refuse employment or training for employment (Federal Mandate):

(3) restrict the potential employment provisions to GA persons who terminate a job without good cause; and

(4) adopt the KanWork or work program penalties for GA persons who voluntarily quit a job without good cause.

Economic Impact: Estimated increased expenditures of

\$591,537.60 (\$320,415.60 state general funds).

5. 30-4-62. Community work experience program requirements. This regulation is being revoked as the CWEP requirements are being incorporated as a component of the State's Work Program requirements as set out in K.A.R. 30-4-64.

Economic Impact: See the economic impact statement

for K.A.R. 30-4-64.

6. 30-4-63. KanWork program requirements. This regulation is being amended to modify the KanWork program to bring it into compliance with the federal JOBS program. Significant changes include:

(1) Specifying the various components of the KanWork program that a recipient may be required to participate

(2) requiring custodial parents under age 20 who have not completed high school or its equivalent to participate in an agency-approved educational component;

(3) changing the funding sources for support services

from special needs to special allowances;

(4) changing the penalty provisions to parallel the federal sanctions for persons who fail to participate; and

(5) establishing penalty provisions for persons who re-

fuse to accept employment.

The sanctions for persons who fail to participate in the KanWork program or fail to accept employment shall result in the following penalties:

(1) For the first such failure, until the failure or refusal

ceases:

(2) for the second such failure or refusal, until the failure or refusal ceases, or three months, whichever is

(3) for any subsequent failure or refusal, until the failure or refusal ceases, or six months, whichever is longer. The above sanctions shall be applied to the individual who fails to participate or refuses to accept employment. The penalty shall also apply to the individual's spouse unless the spouse is participating in the KanWork program.

Economic Impact: These changes are not expected to

have any discernible economic impact.

7. 30-4-64. Work program requirements. The secretary is promulgating a new regulation that establishes work program requirements for non-KanWork counties that complies with the new federal JOBS program. This regulation incorporates the major provisions of job search requirements contained in K.A.R. 30-4-57, portions of the potential employment provisions contained in K.A.R. 30-4-58, and the CWEP requirements contained in K.A.R. 30-4-62. Additional program components are also included. The text of the regulation is set forth below:

30-4-64. Work program requirements. Each assigned recipient, unless exempted, shall be required to participate in one or more components of the work program. Any exempt recipient may volunteer for participation in

the program. The geographic areas in the state and the public assistance programs in which the work requirements are to be enforced shall be designated by the secretary. The administration of the work programs shall be within the limits of appropriations. (a) Exemptions. The persons listed below shall be exempt from the work requirements:

(1) Any person who is ill, when determined on the basis of medical evidence or another sound basis that the illness or injury is serious enough to temporarily prevent entry

into employment or training;

(2) any person who is incapacitated, when verified that a physical or mental impairment, determined by a physician or a licensed or certified psychologist, by itself or in conjunction with age, prevents the individual from engaging in employment or training. When an individual claims exempt status due to incapacity, but medical verification is needed to establish the incapacity, the individual shall be regarded as temporarily exempt for a period not to exceed 30 days while the individual's status is being verified. If verification is not provided because of a legitimate delay in obtaining an examination by or a consultation with a medical practitioner, the temporary exemption period shall be extended for a period not to exceed 15 days. For GA, a statement from a vocational rehabilitation counselor may be used to determine incapacity;

(3) any person who is 60 years of age or older;

- (4) any person who is needed in the home because another member of the household requires the individual's presence due to illness or incapacity and no other appropriate member of the household is available to provide the needed care;
- (5) any parent or other relative who is personally providing care for a child under age three, except that a custodial parent shall not be exempt from the educational component if the parent is under age 20, does not possess a high school diploma or its equivalent, and is not otherwise exempt. Only one person or other relative in a case may be exempt for providing care for a child under age three. This exemption cannot be claimed if the other parent or caretaker relative in the home or the stepparent in the plan is exempt from the work program requirements for another reason and is available and capable of providing child care;

(6) any person who is employed 30 or more hours a week and is earning at least the federal minimum wage;

(7) any child who is under age 16 or attends full-time an elementary, secondary, vocational or technical school. This exemption does not apply to a custodial parent who has not completed high school or its equivalent;

(8) any woman who is three or more months pregnant;

(9) any person who resides in an area of the state where the work program is available, but in a location which is so remote that effective participation is precluded. The individual shall be considered remote if a round trip of more than two hours by reasonably available public or private transportation, exclusive of time necessary to transport children to and from a child care facility, would be required for a normal work or training day. However, if normal round trip commuting time in the area is more than two hours, then the round trip commuting time shall

not exceed the generally accepted community standards;

(10) any parent or other caretaker of a child when another adult relative in the plan is participating in the work program and the youngest child in the plan is under the age of six. If all children in the plan are age six or older, both parents shall be required to participate in the work program.

(b) Participation requirements. Each assigned recipient shall participate in one or more components of an agency-approved, work-related program directed toward a plan of self-sufficiency. The components of the work program may include, but are not limited to, the following:

(1) Job search. Each assigned recipient shall participate in job search activities which may include agency-approved job clubs, supervised and unsupervised job search activities, job referral and placement services, and em-

ployment counseling.

(2) Community work experience program (CWEP). Each assigned recipient shall participate in CWEP activities which may include the opportunity to regain work skills, learn new skills, test interest and skills on the job, gain a work history, and obtain a work reference.

(3) Education and training. Each assigned recipient shall participate in education and training activities which are aimed at facilitating a recipient's movement toward self-sufficiency and employment retention. Education and training activities include such elements as vocational training, adult basic education, literacy training, general educational development, and post-secondary education and training.

(c) Support services. Support services shall be provided to participants. Support services shall include, but are not

limited to:

(1) CWEP expenses, as outlined in K.A.R. 30-4-120(a)(1);

(2) job search expenses, as outlined in K.A.R. 30-4-120(a)(2); and

(3) education and training expenses, as outlined in

K.A.R. 30-4-120(a)(3).

- (d) Penalty. When a person who is required to participate in the work program fails without good cause to participate in the program or refuses without good cause to accept employment, the individual shall be ineligible for assistance. The spouse of the individual shall also be ineligible unless the spouse is a work program participant. In GA, a voluntary quit penalty, as set forth in K.A.R. 30-4-58(d), shall be considered in combination with any work program penalty. The period of ineligibility shall be as follows:
- (1) For the first such failure or refusal, until the failure or refusal ceases;
- (2) for the second such failure or refusal, until the failure or refusal ceases, or three months, whichever is longer; and

(3) for any subsequent failure or refusal, until the failure or refusal ceases, or six months, whichever is longer.

For the purpose of determining that an individual's failure to comply has ceased in the instance of a first sanction, the individual may be required to participate in the activity to which the individual was previously as-

signed, or another activity designed by the agency to lead to full participation, for a period of up to two weeks before terminating the sanction. If the person successfully participates in such activities, the sanction shall be considered to have terminated as of the day the person agreed to participate. If no such activity is available, the sanction shall terminate on the day the person agrees to participate.

(e) Good cause. The good cause criteria set forth in K.A.R. 30-4-63(f) shall be used in determining good cause for the work program requirements. The effective date of

this regulation shall be October 1, 1989.

Economic Impact: These changes are not expected to

have any discernible economic impact.

8. 30-4-73. Deprivation in ADC. This regulation is being amended to provide for the continuation of ADC for a period not to exceed six months if the extension of eligibility is needed for a satisfactory reconstruction of normal family life or the obtaining of employment when (1) an absent parent returns, (2) the parent is no longer incapacitated, or (3) the parent returns to work.

Economic Impact: Estimated decreased expenditures of

\$216,920.88 in state general funds.

9. 30-4-85a. Eligibility factors specific to the EA program. This regulation is being amended to delete the provisions that deny EA to families where the destitution of the child resulted from a household member's involvement in a strike and when there is ineligibility for public assistance for failure to meet a work-related requirement. These changes are being made to achieve conformity with federal regulations for the EA program. (Federal Mandate.)

Economic Impact: Estimated increased expenditures of

\$9,720 (\$4,860 state general funds).

10. 30-4-90. Eligibility factors specific to the GA-unrestricted (GAU) program. This regulation is being amended to provide that there is ineligibility for the applicant or recipient and all persons for whom such person is legally responsible if the applicant or recipient has without good cause, within the past 30 days, refused a bona fide job offer or training for employment. Other clarifications and technical changes have been made related to cross-references to other regulations.

Economic Impact: See the economic impact statement for K.A.R. 30-4-58.

11. 30-4-110. Income. This regulation is being amended to exclude the earned income tax credit (EITC) from the definition of "earned income." Other technical changes and clarifications also have been made to the regulation. (Federal Mandate.)

Economic Impact: See the economic impact statement for K.A.R. 30-4-113.

12. 30-4-111. Applicable income. This regulation is being amended to change the earned income disregards. The \$75 standard work expense has been increased to \$90. The \$30 and 1/3 disregards will now be applied prior to deducting the costs for child care. Finally, the child care deductions are being increased to \$200 for children under age two and to \$175 for all other persons. (Federal Mandate.) Also, a new federal option has been added for retrospectively budgeted cases for the first and second months of employment whereby the agency may, based on an agency-approved plan, meet the cost of child care

directly or through reimbursement and apply the child care disregards to offset income received in those months when used to determine the amount of the payment for the corresponding payment months. Under these circumstances, the agency shall not apply the disregard to income used to determine the amount of payment for the two months following the month in which child care

Economic Impact: Estimated increased expenditures of

\$250,746 (\$127,100 state general funds).

13. 30-4-112. Income exempt from consideration as income and as a cash asset. This regulation is being amended to exempt payments to certain persons of Japanese ancestry and certain Aleuts under Titles I and II of Public Law 100-383. (Federal Mandate.)

Economic Impact: This change is not expected to have

any discernible economic impact.

14. 30-4-113. Income exempt as applicable income. This regulation is being amended to exempt the earned income tax credit (EITC) as applicable income. (Federal Mandate.)

Economic Impact: Estimated increased expenditures of

\$282,720 (\$127,224 state general funds).

15. 30-4-120. Special allowances and requirements for applicants and recipients of ADC, ADC-FC, APW, GAU and GA-FC. This regulation is being amended to transfer expenditures for education and training and for KanWork transition services to the category of special allowances. Previously, such expenditures were categorized as special requirements. (Federal Mandate.)

Economic Impact: See the economic impact statement for K.A.R. 30-4-63 and 30-4-64.

16. 30-4-130. Types of payments. This regulation is being amended to change several cross-references to other regulations pertaining to when protective payments are required. These changes are needed as a result of the regulatory changes pertaining to the work-related requirements. (Federal Mandate.)

Economic Impact: None.

Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REIMBURSEMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM

1. 30-5-59. Provider participation requirements. This regulation is being amended to:

(1) Delete the requirement that providers must accept Medicare assignment in order to participate in the med-

icaid/medikan program; and

(2) add that providers must maintain and furnish within the time frame specified in a request any information that the Kansas Department of Social and Rehabilitation Services may request for five years from the date that the medical service was performed.

Economic Impact: None.

2. 30-5-100. Scope of dental services. This regulation is being amended to add prior authorized dental services for adult recipients when provided as treatment for acute medical emergencies in order to stabilize a medical condition. Services shall be limited to those dental services necessary for stabilization of a medical condition.

Economic Impact: Estimated increased expenditures of

\$78,000 (\$35,155 state general funds).

Article 6.—MEDICAL ASSISTANCE PROGRAM—CLIENTS' ELIGIBILITY FOR PARTICIPATION

1. 30-6-57. Job search requirements. This regulation is being revoked as implementation of the new federal JOBS program is being restricted to the public assistance programs. However, job search services under the cash assistance programs will be available to volunteers.

Economic Impact: This change is not expected to have

any discernible economic impact.

2. 30-6-58. Potential employment. This regulation is being revoked as implementation of the new federal JOBS program is being restricted to the public assistance program.

Economic Impact: Estimated increased expenditures of

\$36,464 (\$16,408 state general funds).

3. 30-6-63. Assignment of rights to medical support or other third party payments. This regulation is being amended to include the provisions of SB 378, which extends the statutory assignment to include financial as well as medical support. As a result, the title of the regulation is also being changed to "Assignment of rights to support and other third party payments."

Economic Impact: This change is not expected to have

any discernible economic impact.

4. 30-6-65. Automatic eligibles. This regulation is being amended to revise the automatic medical benefits for KanWork participants. To be eligible for extended benefits, the participant:

Must have received public assistance in three of the six months immediately preceding the first month of tran-

sitional medical;

Must have lost eligibility due solely to the increased

earned income or hours of employment; and

Must not have been rendered ineligible for assistance as a result of a fraud determination at any time during the six months immediately preceding the first month of transitional medical.

Assistance under this provision shall be initially provided to persons for a period not to exceed six months provided that the individual continues to be a resident of the state, provides ongoing status reports as may be required by the secretary, and the person continues to be employed.

Assistance shall be provided for an additional six-month period of time for persons who continue to meet the above criteria except that if the person's gross earned income, less the cost of child care, exceeds 185 percent of the

official federal poverty income guidelines.

Persons who have gross earned income, less the cost of child care, that exceeds 100 percent of the official federal poverty income guideline shall be responsible for contributing to the payment of the cost of medical coverage.

Economic Impact: See the economic impact statement for K.A.R. 30-4-63.

5. 30-6-73. Deprivation in ADC. (Federal Mandate.)

Economic Impact: Estimated increased expenditures of \$61,542.72 (\$27,694.22 state general funds).

6. 30-6-103. Determined eligibles; protected income levels. This regulation is being amended to provide that the protected income levels for persons in independent living arrangements shall be used in all situations, except where specifically prohibited by section 303(a) of the Medicare Catastrophic Coverage Act of 1988. In accordance with the new law, if one spouse of a married couple enters an institutional living arrangement, the institutional protected income level is to be used. (Federal Mandate.)
